FINAL JUDGMENT

This cause, under Rule 23 of the Federal Rules of Civil Procedure, was, by this Court, made a class action prior to the trial on the merits, and all of the heirs at law of Juan De Cuevas were made members of the class with the Plaintiffs and Counter Defendants, and the Plaintiffs and Counter Defendants were heretofore designated as representative of the class. Notice to all heirs at law of Juan De Cuevas, deceased, was had under order of this Court, and the Notice was published for four consecutive weeks in a newspaper of general circulation, each in Harrison County and Hancock County, Mississippi. All heirs at law of Juan De Cuevas, deceased, were given the opportunity to join in this cause as a member of the class and to object. More than thirty persons, in response to such Notice, aligned themselves as Plaintiffs, as members of the Class and no persons requested exclusion from the class, and now

This cause came on for hearing as a class action at a previous date upon the Complaint, Amended Complaint, Answer to Original Complaint, Answer to Amended Complaint, and Counter Claim of the Defendants, Nathan V. Boddie and Sarah E. Boddie Buffington, and upon oral and documentary evidence, and the Court having fully heard and considered same and being fully advised in the premises, and having considered briefs furnished to the Court by counsel, finds that the Plaintiffs are not entitled to the relief prayed for and are not entitled to any relief whatsoever in this cause, and finds that the heirs at law of Juan De Cuevas have no interest whatsoever in and to "Cat Island", an off-shore island in the Mississippi Sound in Harrison County, Mississippi, located in Townships 9 and 10 South of Range 11 West of St. Stephens Meridian, and that the Complaint and Amended Complaint should be finally dismissed, the heirs at law of

Coat of Arms

Cuevas

Historiography

The Cuevas Coat of Arms illustrated left was drawn by an heraldic artist from information officially recorded in ancient heraldic archives. Documentation for the Cuevas Coat of Arms design can be found in *Rietstap Armorial General*. Heraldic artists of old developed their own unique language to describe an individual Coat of Arms. In their language, the Arms (shield) is as follows:

"D'arg. a treize tourt. de gu., 3,3,3,3 et 1."

When translated the Arms description is:

"Silver, thirteen red circles 3,3,3,3, and 1."

Family mottos are believed to have originated as battle cries in medieval times. A Motto was not recorded with the Cuevas Coat of Arms.

Individual surnames originated for the purpose of more specific identification. The four primary sources for second names were: occupation, location, father's name and personal characteristics. The surname Cuevas appears to be locational in origin, and is believed to be associated with the Spaniard's, meaning, "one who came from, or lived near a cave or grotto." The supplementary sheet included with this report is designed to give you more information to further your understanding of the origin of names. Different spellings of the same original surname are a common occurrence. Dictionaries of surnames indicate probable spelling variations. The most prominent variations of Cuevas are Cuva, Cuvas, Cuevae, Cuvaes and Cueva.

Census records available disclose the fact there are approximately 1100 heads of households in the United States with the old and distinguished Cuevas name. The United States Census Bureau estimates there are approximately 3.2 persons per household in America today which yields an approximate total of 3520 people in the United States carrying the Cuevas name. Although the figure seems relatively low, it does not signify the many important contributions that individuals bearing the Cuevas name have made to history.

No genealogical representation is intended or implied by this report and it does not represent individual lineage or your family tree.

August 20, 1987

Dear Mr. Wixon,

Thank you for your reply and information about your society. I am interested in the work of your society and I appreciate your invitation to become a member. I would like to be a member and be a part of your good work. I will also take your suggestion and start with the three volume cemetery records. I am enclosing a check for \$27.00 to cover these two fees.

I am enclosing a copy of my chart as I have developed thus far. The names that I am pursuing in the Jackson County Area are: Guilotta, Ladner, Ladnier, Quave, Budro, Bodreax, Bosarge, Nicaise, Cuebas, Bautista, Paquet.

I visited with a cousin Lorande Thilotte of Gautier, Miss this past summer and he was able to fill in some of my chart but there is little in the way of hard evidence available. I am looking for things like the cemetery records you recommended. I appreciate it that you are interested in my research and I hope this information will show you of what I am interested.

I hope this is the beginning of a long relationship with the Jackson County Genealogical Society.

Sincerely yours,
Ralph Welsh

The paper does not. It honestly thinks the best law on that question, and believes it would be unwise and impolitic to inject it into election. Better let well alone. Have the law enforced the illegal sale, and the evil is ended."

PASS CHRISTIAN.

John T. McDonald Elected Mayor—Woodmen to Give an Excursion.

The municipal election held at Pass Christian Tuesday passed off quietly, though great interest was manifested in the election of the mayor, there being two candidates, namely, John T. McDonald, who held the office some dozen years since, and Emile J. Adam, publisher of the Beacon. McDonald received 80 votes and Adam 75. T. V. Courtenay was re-elected treasurer, without opposition.

The Pass Christian Woodmen Camp will run another excursion into New Orleans from the coast towns, tomorrow, December 14.

Ownership of Cat Island.

Senator McEnery of Louisiana introduced a bill at Washington this week giving H. Gibbs Morgan and other co-owners of Cat Island in the Gulf of Mexico, title to the same. Juan Cuevas was given a grant to this island by the Spanish Commandant at Mobile, August 1, 1781. The Senator wishes this grant confirmed.

Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from a sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from

which young women suffer.

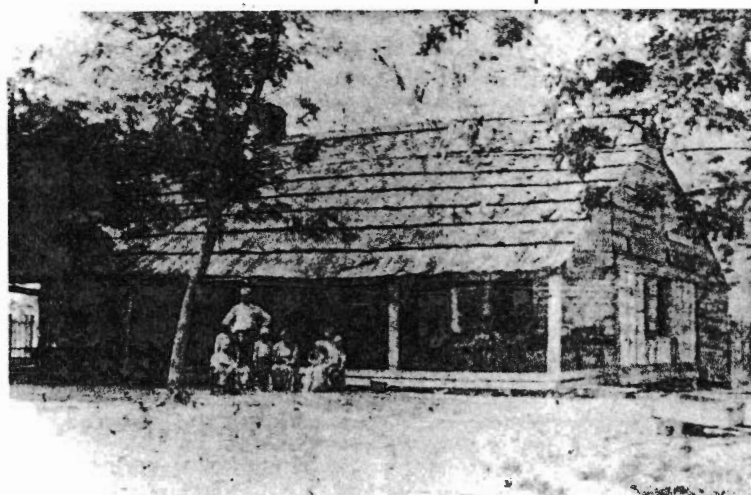

We will be glad to send a sample to any sufferer.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
